

Beautifully Traditional

Burlington®

Classically styled bathrooms

Furniture

Introducing the latest in furniture innovation from Burlington. A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom.

Choose from free-standing in either a square or curved design, wall-hung or fully-fitted options to tailor make the most functional use of space to suit your individual needs. A new range of baths each with panels or surrounds in corresponding colours, transform your entire bathroom into a space of peace and tranquillity with a subtle, traditionally British feel.

Each piece is packed full of innovative detailing such as soft close doors and drawers, internal lighting and wide opening spaces for maximum storage capacity.

65 Freestanding

The 65 free-standing furniture with your choice of basin is the perfect solution for those needing to save space but still require storage solutions for their bathroom. With a width of just 65cm, this stylish piece combines beautiful ceramic or integrated basins atop units with either drawers or doors so you can tailor your bathroom to your preferred style.

Sand Freestanding 65 Vanity Unit with doors, 65cm Classic basin for integrated waste & overflow with two tapholes, Birkenhead Basin taps 5", Basin Plug and Chain, 60cm Mirror without LED in Sand.

See pages 76-77 for technical details.

Ergonomic comfort – Each of the Burlington free-standing furniture pieces are set to a height of 85cm to avoid over stretching or bending to wash your hands, making them exceptionally comfortable to use.

Above right; Sand Freestanding 65 Vanity Unit with doors, 65cm Classic basin for integrated waste & overflow with two tapholes, Claremont two taphole Arch mixer, Classic basin invisible overflow & waste, 60cm Mirror without LED in Sand.

Above left; Dark Olive Freestanding 65 Vanity Unit with doors, 67cm x 55cm Minerva Carrara White with integrated basin with one taphole, Claremont basin mixer with high central indice with click-clack waste, 60cm LED Mirror in Dark Olive.

Left; Matt White Freestanding 65 Vanity Unit with 2 drawers, 67cm x 55cm Minerva Black Granite with integrated basin with three tapholes, Claremont three taphole basin mixer with pop up waste, 50cm x 70cm Rectangular Mirror.

Tap holes: Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

Solid craftsmanship – All free-standing furniture pieces are supplied fully assembled for ease of installation. A combination of MDF and water-proof, PVC coated chipboard plinths ensure a rigid construction and means they'll continue to look their best for years to come.

Sand 130 Freestanding Vanity Unit with Drawers, 130cm x 55cm Minerva Black Granite with two integrated basins with one taphole, Chelsea Straight Basin Mixers with pop up (two required), 90cm Sand Mirror without LED.

HDP

The plinths of the free-standing furniture are crafted from HDP Polymer - a waterproof base providing extra protection and giving peace of mind that wet floors will not lead to damage.

130 Freestanding

Why not select the double basin option for a traditionally British feel. Choose from three exclusive Minerva® worktop colours available in either pristine White, opulent Black Granite, or luxurious Carrara White, each with a generous sized double basin bowl of 38x31cm. Each of the Burlington furniture pieces are equipped with soft-close door hinges and drawer runners for that extra feeling of indulgence in your bathroom. Select either the four drawer or double doors option to match your storage requirements.

Matt White 1300 Freestanding Vanity Unit with Doors, 130cm x 55cm Minerva Carrara White with two integrated basins with one taphole, Kensington Basin Mixer with click clack waste (two required), Matt White 90cm LED Mirror.

WHY MINERVA®? Design a bathroom to suit your specific needs

Minerva® worktops offer superior strength with a beautiful finish. You can even install a surface mounted soap dispenser. See page 188.

ROUTINE CLEANING Minerva® does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

134 / 100 Curved

Our free-standing round design cabinets feature open wide doors for easy access to ample storage space. Perfect for hiding away everyday bathroom necessities and keeping worktops free from clutter. This striking piece is available either as a centrepiece or as left and right handed options for perfect placement against a wall or into a corner.

Above left; Matt White 134 Curved Freestanding Vanity Unit with Doors and Drawers, 134cm x 55cm Minerva Carrara White with integrated basin with three tapholes, Claremont Regent three taphole basin mixer with pop up waste, Matt White 120cm Mirror without LED.

STAINING

Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

Bathscreens

You can create a shower over Arundel baths, with or without an access panel within the screen.

If combining a bathscreen and bath grips ask your local specialist about the positioning of the grips.

For bathscreens that can be used with Arundel baths see page 128

Minerva® Worktops

Minerva® worktops are available from stock in either pristine Minerva® White, elegant Minerva® Carrara White or opulent Minerva® Black Granite.

You can choose from our other 9 unique décor options, available to order with longer custom delivery times for the ultimate personalised look, ask your local specialist Burlington dealer.

Minor Scratching
Scratches to the work surface will be more evident on darker colours. Any minor scratches can be removed using a woven abrasive pad and other items in the care kit.

Staining
Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

Routine Cleaning
Minerva® does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

Minerva® Care Kit
To restore your Minerva® worktop to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

Minerva® Joint Kit

Paint Your Own

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom to your individual colour scheme. We've chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell emulsion for the best effect.

Cook's Blue

Brassware

The Brassware is packed full of innovative technology, not seen amongst other traditional competitors. Every Burlington tap is supplied with a flow straightener for areas with low water pressure and an aerator for areas with high water pressure. This, unlike most traditional taps, ensures your water is delivered at 13 litres per minute regardless of incoming water pressure. So you no longer have to cope with water splashing everywhere, the flow from a Burlington tap is perfect every time.

All bath fillers and bath shower mixers have rotating spouts so you can move the brassware out of the way to enjoy a relaxing bathe. Every bath shower mixer also comes with an 'S' Adjuster, allowing you to position the handset over the bath. You can install your bath shower mixer with or without this feature. All are also available as an angled option, so you see the indices when you walk into the room. Bridge basin mixer spouts also swivel to allow you to turn your tap into a drinking fountain.

TAPS & BRASSWARE

TAPS & BRASSWARE

Classic Basin with Invisible overflow. See page 20 for more details.

Burlington Taps

Water saving is becoming part of our lives.

Burlington is the first British Traditional Designed range available that enables water savings! The clever part in the taps is called an aerator. We believe that the finest manufacturer of aerators is the Swiss manufacturer called Neoperl. So we only use Neoperl.

In the UK some homes have low water pressure and some have high water pressure. We supply every tap with two Neoperl devices: A flow straightener which is for use with low water pressures and an aerator which is for use with high water pressures, so you can set up your tap correctly every time!

Our taps are designed to deliver the following maximum flows of water, regardless of the incoming water pressure:

Basin taps	13 litres per minute
Bath tap	14 litres per minute
Bath shower mixer	22 litres per minute

So you can have fabulous performance whilst limiting the damage to our planet.

NORMAL SPOUT

The underside of a bath spout of a normal, traditional bath tap.

BURLINGTON SPOUT

The underside of a Burlington bath tap with a Neoperl aerator

NORMAL TAP
Water flow in a normal traditional tap

LOW PRESSURE
Low pressure water flow with a Burlington tap using a flow straightener

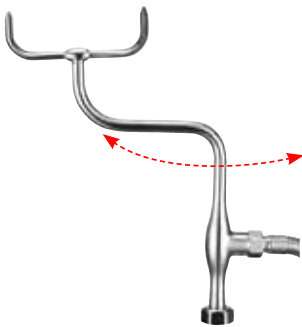

HIGH PRESSURE
High pressure water flow with a Burlington tap using an aerator

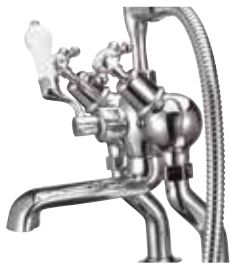

SWIVELLING SPOUTS

All our Bath Fillers and Bath Shower Mixer spouts swivel - so you don't have the spout in your way when you shower (and if two of you bathe together the unlucky one doesn't have a spout sticking in their back!!)

'S' ADJUSTERS

Every Bath Shower Mixer comes with our "S Adjuster". This means you can position the telephone handset over the bath - so when you are done it drips into the bath! You can swivel the "S Adjuster" parallel to the wall too! You can install your Bath Shower Mixer with or without the "S Adjuster".

ANGLED MIXERS

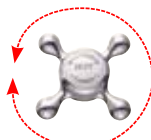

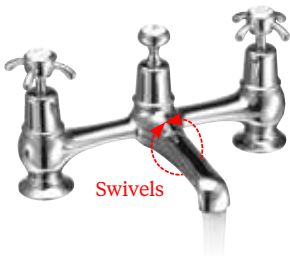

All our Bath Fillers and Bath Shower Mixers are available in an "angled" version. Now you can see your bath taps at the correct angle when you walk into your bathroom!

BRIDGE MIXERS

Our Bridge Basin Mixer allows you to have mixed hot & cold water, whilst using a two taphole configuration. The spout swivels too...

Claremont Deck Mounted Bath Shower Mixer with Handset "S" adjuster.

Burlington Taps

Eight Ranges

CLAREMONT TAPS

A classic favorite from Burlington. This simple range of tap heads suits all basin, bath and bidet taps in the Burlington range. Pair with a deck mounted bath shower mixer for classical styling.

CLAREMONT REGENT TAPS

If looking for a little extra when choosing your brassware, opt for the regent range. A shapely stylish base suitable for all one, two and three tap hole taps excluding Chelsea and Stafford.

ANGLESEY TAPS

Pair the Anglesey tap head range with our Burlington contemporary range of basins.

ANGLESEY REGENT TAPS

The Anglesey is also available with the regent tap base to offer extra height to your tap. Pair with any of the Burlington basins.

BIRKENHEAD TAPS

The Birkenhead taps work well with any of our basins or baths and look particularly beautiful on our range of classic baths.

BIRKENHEAD REGENT TAPS

Also available with the regent option in the Birkenhead tap head. For something striking in your bathroom, this is the perfect choice.

KENSINGTON TAPS

Burlington's Kensington range of tap heads offers opulence and sophistication. Taking inspiration from a bygone era the Kensington brings a traditional style with modern technology.

KENSINGTON REGENT TAPS

Add the regent base to this tap style for an extravagant appearance - particularly suited to the Edwardian basins.

ORDERING YOUR TAPS

When ordering your taps add the correct code to the start of the tap code

Anglesey add AN
Claremont add CL
Birkenhead add BI
Kensington add KE

QUARTER *turn*

All our taps (except Kensington) come with the traditional screw down valves as standard.

For 'Quarter Turn' simply add 'QT' to the product code.

Fire Hydrant

for the ultimate traditional look

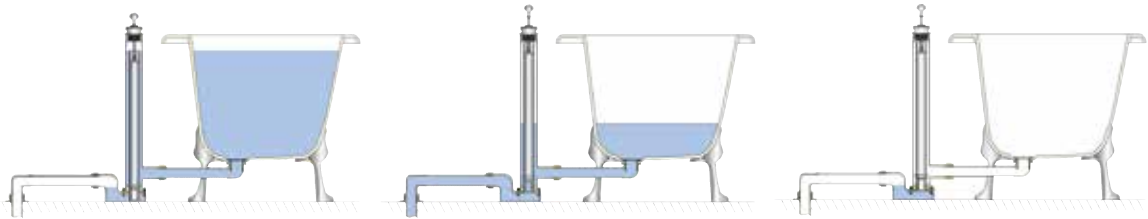

Traditional Fire Hydrant
Single ended baths. Supplied
with extension and P-trap waste
& extension
D: 80, W: 12, H: 70
W8N

Technology

Named Fire Hydrant due to its classic design, this is a very distinctive waste system that operates from the plug hole. Water fills the hydrant which incorporates a built in overflow and plug system, simply lift the handle to empty your bath. This waste system adds a level of opulence to your bathroom. Shown on page 80 on the Buckingham bath.

The waste pipe in our 'Fire Hydrant' is designed so that you can change the angles to fit into your waste in the floor. Fire Hydrants can be used in a free-standing position.

Radiators

Burlington radiators offer a broad range of various styles. There are options here to complement your traditional bathroom beautifully. All Burlington radiators except the Strand, are designed to work with the extra fitting of an electric summer heating kit, allowing you to have warm towels all year round.

See pages 178-179 for the full range of radiators

Electric Summer Heating Kits

All our radiators except R11CHR have been designed to allow for the fitting of an electric summer heating kit. This means that you can have warm towel rails all year round! Our radiators contain steel and are therefore only suitable for hot water (closed) central heating systems.

During electric heating use the valves must be left open so the radiator is full of water to ensure correct performance.

All Electric heating kits are rated IP44.

Strand	153	174	196	669
Chaplin	320	372	408	1392

All radiator outputs are tested to EN442

Mirrors & Lights

The perfect addition to your bathroom, Burlington mirrors add intricate detail and increase the period feel of your bathroom. Choose between the simplistic and pared back rectangular or arched mirrors, or the detailed and beautiful Georgian style mirrors available in polished black or white aluminium. In addition to the classic Edwardian lights either in round or elliptical style, Burlington have increased their range of lighting options, giving you various possibilities. Choose your base style in beautiful chrome and compliment with a fabric shade or a glass cup. These pieces are sure to give that extra finishing touch to your vintage look.

See pages 182-185 for the full range of mirrors and lights

Mirrors

Accessories Information

All accessories are plated with 12-15µm nickel and 0.3-0.4µm chrome. This compares to industry norms of 5-7µm nickel and 0.15-0.25µm chrome. This results in a deeper and more durable chrome finish.

All accessories are supplied with extra chrome plated domed head screws.

All accessories have 'screw-through' (patent pending) design to ensure no lateral movement.
