Create your personal space

When choosing Dansani you will get

- Assurance in selecting a bathroom expert with more than 35 years of experience
- Danish Design and solid craftsmanship manufactured in Denmark
- LED lighting of high quality, because we prioritise excellence and precision in our lighting
- Sustainable products in order to protect and care for our environment
- Easy and fast delivery

Dansani Mido⁺

The easy choice for making the best use of space – even in small bathrooms

Mido⁺ is the Dansani quality and function you know at a very advantageous price. The well-planned Mido⁺ range with functional design and materials makes optimal use of space to provide maximum storage in the tall vanity unit, so it is particularly suitable for furnishing small bathrooms.

The furniture is available in six colours, and you can either bring nature into your bathroom with wood structure or choose a simple look with matt or high-gloss fronts. Dansani Mido⁺ furniture gives you an up-to-date design that is functional, hard-wearing and easy to keep clean.

“Value for money” is the essence of Mido⁺.

Dansani is long-lasting quality, and we provide a 10-year guarantee against manufacturing defects.

Do you prefer doors or drawers?

With Mido* you can choose between vanity units with drawers or doors. Behind the doors you've got plenty of shelf space for towels and tall cleaning bottles etc. If you go for the drawers, you get easy access to your belongings. Both doors and drawers close silently through the soft-close function and they can be adjusted according to your requirements.

- 01 Light in the drawer – Creates an ambience and provides a better overview. The light is battery-operated, and quick and easy to fit
- 02 Power always within reach. All Mido+ mirror cabinets feature an in-built socket and a switch for your electrical accessories
- 03 Sanitary porcelain is a strong, ceramic material which requires minimal maintenance
- 04 You can position the round magnifying mirror wherever you wish providing it doesn't obstruct the internal glass shelves

80 cm - Grey matt

Extra work area at the basin

If you have space for the deeper projection basin, you will have an excellent work area. Then take advantage of the wall area with a large mirror or a spacious mirror cabinet with lots of storage space behind the doors.

80 cm - White satin/white gloss

Cappella basin 521,- Article no. 535908007 / **Vanity unit** 710,- Article no. P06-1012 / **Select mirror cabinet** 526,- Article no. S678-212 / **Vela light** 58,- Article no. 190304080

Optional: Tall unit 685,- Article no. P20-1112

Utilising space with tall cabinets

Use tall units to create plenty of storage space, for example for your towels and underwear, so that you always have everything you need within reach after a shower. Place two or more units together and build up your own wall of storage. You can choose between two tall unit models and add a laundry basket that pulls out to put washing in.

STEP 1

Basins

Dansani Mido+ basins are available in different sizes and projections to make furnishing your bathroom easy. The basin materials are hard wearing and easy to clean.

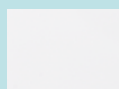

Cappella / Sanitary porcelain

A timeless classic with a soft basin design and taller profile radiating personality and elegance

White gloss

White matt

Anthracite matt

Cappella and Lotto basins can be wall hung

Two depths

Lotto / Sanitary porcelain

A modern classic with a timeless design and taller appearance where the bowl area increases with the projection of the basin.

White gloss

Two depths

NEW

Amber / Sanitary porcelain

A basin of stringent design with deeper bowl and a minimal thin profile.

White gloss

Sanitary porcelain / Soft, rounded edges with a glossy and extra robust surface

Sanitary porcelain is a strong, ceramic material that features a soft and rounded design on all edges, both in the basin and on the surface. The surface is hard, smooth and glossy, and the rounded edges make it very easy to clean. Basins made of sanitary porcelain require only a minimal amount of maintenance – even after many years of use. Don't use abrasive cleaning materials for this basin.

STEP 2

Vanity units and cabinets

Tall vanity units for ample storage

Doors

- Plenty of shelf space
- Smooth and silent soft-close function
- Perfect installation with hinges that can be adjusted in three different directions
- Solid opening and closing with strong metal clip-on hinges
- Depth 35. Widths 50, 60 and 80 cm

Drawers

- Smooth and silent soft-close function
- Reach the contents at the back of the fully extendable drawer
- Cut-out for waste fittings in the top drawer or in both drawers
- Perfect installation with adjustable drawers, to allow for off-square walls
- Depths 35 and 44 cm. Widths 50, 60, 80, 100 and 120 cm

Extra storage

- Smooth and silent soft-close function
- Tall units in widths 30 and 40 cm
- Laundry basket in tall unit that is easy to remove and bring to the utility area
- Tall cabinets with 3 internal shelves on the door for extra storage
- Glass shelves in both tall units and wall cabinet

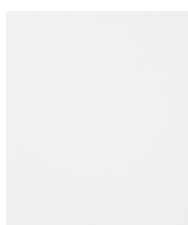

STEP 3

Colours and handles

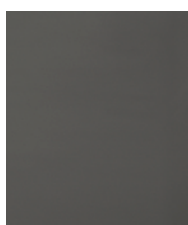

Create your individual bathroom

Create the most beautiful contrasts by choosing from our wide selection of surfaces in various colours and materials, and create your very own style. For the Mido* fronts you can choose stylish handles in various sizes and designs. All cabinets are supplied as standard with a solid but stylish *Base handle in chrome.

STEP 4

Mirror solutions and lighting

With Mido* you can choose between a range of mirror solutions with LED lighting or beautiful lamps. Our mirror cabinets feature lots of practical functions and lighting. All mirrors are delivered with wall brackets.

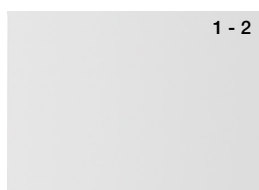

Repeat

Mirror with long integrated light panels that do not simply illuminate the mirror, but also create an ambient light effect above it and practical lighting over the basin. There is an optional anti-mist pad, to reduce mist build-up on the mirror.

Available in the following widths:

50 / 60 / 80 / 100 / 120

Select

Mirrors without lighting. Option to choose Libra or Vela LED lamps. You can also choose an anti-mist pad, to reduce mist build-up on the mirror.

Available in the following widths:

50 / 60 / 80 / 100 / 120

Libra

Vela

Top

Mirror cabinet with a LED light panel at the top for optimal lighting when looking in the mirror, while the double-sided mirror doors provide several options to see yourself from different angles.

Available in the following widths:

50 / 60 / 80

Global

Mirror cabinet with a full width LED lighting panel at the top for effective lighting inside the cabinet and when viewed from the front.

Available in the following widths:

50 / 60 / 80 / 100 / 120

Select

This mirror cabinet is available with external lights, each in their own design and with their own look. Optional Libra or Vela LED lamps.

Available in the following widths:

50 / 60 / 80 / 100 / 120

ICON GUIDE

Anti-mist mirror (optional)
Self adhesive heat pad to reduce mist build-up.

External LED lighting
Optional fixture for fitting on mirror cabinet or mirror.

LED
Energy-efficient lighting. Expected lifespan 30.000 hours

IP44
Zone 2 approved (0–60 cm from shower). See page 31.

Glass shelf
Clear glass with polished edge.

Double-sided mirror door
Mirror on door front and back.

Electric Socket/Lighting switch
Please note GB/IE approved socket and switch supplied. Located at the top of the mirror cabinet.

Product information

PORCELAIN BASINS

Dansani porcelain basins are manufactured from sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard and smooth surface which is easy to clean.

CABINET CARCASS

16 mm plain melamine coated particle board with ABS-edging. The furniture is supplied fully assembled with brackets for wall mounting. White back panels in all white tall units and aluminium finish back panels are supplied in other finishes. 5 mm glass shelves with polished edges are delivered as standard in all tall units. The tall unit also comes with one wooden shelf. Vanity units with shelf and bottom in aluminium finish. 18mm foil wrapped MDF fronts for cabinets in matt white and white gloss. The matt grey as well as wood finishes are supplied with fronts in 19mm melamine coated particle boards with ABS edges. All doors are mounted with clip-hinges of metal, which are adjustable in 3 directions. The doors are supplied with soft closers to ensure doors close softly and silently.

DRAWERS

The soft closing drawers have metal sides and when open they are fully accessible and close gently due to the exclusive soft closing action. The drawers are fully adjustable.

MIRRORS

All mirrors have energy-saving LED lighting and are IP44 approved. Incl. wall fittings. Mirrors have an optional anti-mist pad to assist in keeping the mirror mist free.

MIRROR CABINETS

All mirror cabinets are supplied with integrated socket, double-sided soft closing mirror doors and glass shelves as standard. Sides with 16 mm melamine coated particle board, top and bottom in aluminium finish. The mirror cabinets have energy-saving LED lighting and are IP44 approved. Energy rating labels and product data sheets can be downloaded from the product database at www.dansani.ie or a hard copy can be requested.

HANDLES

We supply a chrome handle with all units as standard. This is included in the prices shown.

FITTING INSTRUCTIONS

Are included with every delivery.

WARRANTY

There is a 10 year warranty against manufacturing defects.

For further information regarding warranty, quality and tolerances please visit www.dansani.ie.

Practical information

BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be done by a competent plumber. Please note that the dimensions of the porcelain basins are subject to variation within the tolerances indicated.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture. Cleaning materials containing abrasives and strong acids should not be used. Please make sure that the basin and furniture are dry after use. This will make cleaning easier and prevents your furniture being damaged by moisture.

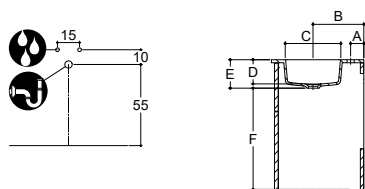

GENERAL

Dansani reserve the right to make any alteration to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement and thus reserve the right to modify specification and prices without prior notice. Special orders and furniture that has been fitted cannot be returned.

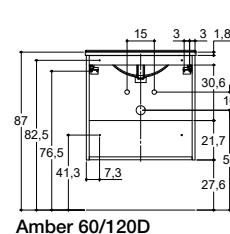

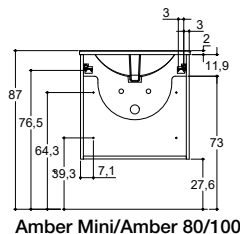

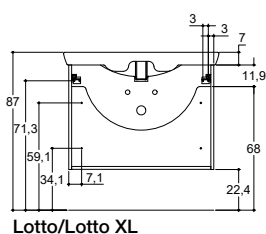

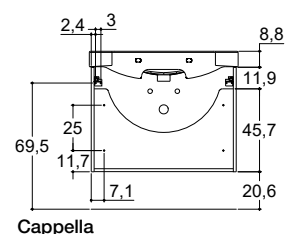

Please visit www.dansani.ie for further information.

Installation guide

For more information on installation and first-fix measurements check our website under each product at www.dansani.ie.

Dansani - a safe choice and your guarantee

Special requirements apply to electrical installations in your bathroom, as water may conduct electricity and cause electrical shocks. Depending on where in the bathroom you want your lighting or furniture with electrical components (socket or light), there are special requirements to the IP classification of the product. The IP code is an international standard that indicates the degree of protection provided against water and other foreign bodies. The first digit indicates the degree of protection against dust while the second digit indicates the degree of protection against ingress of water.

At Dansani your safety is our priority. All the electrical parts in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water whilst retaining all the storage space you need.

The following illustrations show how furniture with electrical components can be placed in bathrooms with a bath tub or shower. Naturally, a sufficient shower screen should always be used to prevent moisture damage to your furniture. For more information, see "Service" at www.dansani.ie.

Zone 0: The wettest part of the bathroom, i.e. the inside of the bath tub or the base of the shower, if applicable. There are strict requirements to electrical installations in this area. Always ask an authorised electrician.

Zone 1: From the outside of the bath tub or shower base to 2.25 m vertically above floor level. No mirrors or furniture with electrical components may be installed in this area.

Zone 2: A limited area covering a radius of 60 cm from the outside of the bath tub or shower base to 2.25 m vertically above floor level. A minimum of IP44 classification is required in this area, and no 230V sockets are permitted. Dansani has a range of IP44 mirrors that can be placed throughout zone 2, while IP44-approved mirror cabinets and washstands with sockets can be placed in zone 2 provided the actual socket is placed outside the zone.

Our price lists show the IP classification of individual mirrors and mirror cabinets (IP21 or IP44).

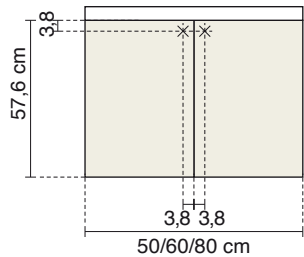

All our furniture with electrical components is also CE-certified with indication of classification.

We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

We assume responsibility

At Dansani, we assume responsibility and we take good care of our environment and the world that we live in. We've been doing this ever since our company was founded in 1983 and this approach is an integral part of our company DNA.

In 2015, the 17 Sustainable Development Goals were defined as a way of ensuring sustainable development towards 2030. By accepting these goals, the countries of the world are obliged to achieve some ambitious goals that guide both rich and poor countries in our fight to get rid of inequality, handle climate change, fight poverty and ensure better living conditions in terms of health, education, growth and work for everyone. In this way, these Sustainable Development Goals express our shared, global responsibility and represent the goal of the international community of creating a better world.

Our focus areas are:

- To develop our products in order to minimise their environmental impact during manufacturing, use and not least disposal
- To design quality products based on proud, Danish handicraft traditions which can be used for many, many years
- To use raw materials, water and energy in an efficient way in order to minimise our impact on the environment
- To limit emissions, waste and discharge stemming from our activities
- To maintain high levels of safety standards towards our employees and foster responsible environmental policies
- To improve our environmentally-based work in cooperation with our suppliers, customers and other partners

So, when you buy a Dansani product, you can rest assured that we actively assume responsibility and focus on the world that we live in.

Find out more about our initiatives by visiting www.dansani.ie.

DANSANI IS COMMITTED TO SUPPORTING THE UN'S GLOBAL GOALS. FOR MORE DETAIL PLEASE VISIT DANSANI.IE

Our Philosophy

Your bathroom is your personal breathing space, and no one can create it better than you. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are practical yet durable.

Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

Sustainability

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. We also focus on our own work environment, encouraging our suppliers to offer ethically responsible working conditions.
