Style notes... with Charlotte Conway

Charlotte is a respected interior designer with a passion for bathrooms with personality. Her distinctive work can be seen throughout the UK, in some of the most glamorous homes and boutique hotels.

Charlotte joined the Heritage team as Interior Design consultant in 2014. Here, she shares her top tips for achieving the hottest interior trends in our bathrooms.

For more of Charlotte's design tips visit www.charlotteconwaydesign.co.uk or follow her on Instagram [@charlotteconwaydesign](https://www.instagram.com/charlotteconwaydesign)

Hot trends right now

THINK PINK...

We saw this trend last year and thankfully it's here to stay for 2017. The soft colour palette lends itself perfectly to creating a truly relaxing, feminine and elegant bathroom. This can be achieved by introducing rose gold taps to a simple colour palette, creating a blush pink-toned feature wall or by simply adding furniture or a vanity unit in your favourite shade of pink.

BE DISTINCTIVELY ECLECTIC

Add colour and texture by mixing materials, be bold and take risks by pairing different finishes and styles.

Create an eclectic palette to personalise your bathroom whether you're using an antique mirror combined with subway vintage tiles, or a matt painted bath exterior with opulent rose gold brassware.

METALLICS HAVEN'T LOST THEIR SHINE...

Metallic finishes are still hot in interiors and are a great way of adding a contemporary twist to traditional bathrooms. Experiment with different finishes on taps, showers and accessories, and for a real statement, invest in a freestanding metallic bath. You can find Heritage's range on pages 108-109.

DISCOVER THE APPEAL OF TEAL

Rich, opulent and evocative of nature, teal is one of the biggest colour trends for 2017. Make a bold statement with elegant patterned wallpaper, or add subtle colour accents with furniture and accessories. Teal plays nicely with a wide range of neutral tones, so it's also superb for a fresh take on the statement wall.

Can't bathe without

Once you've finished designing your bathroom, you can really have fun with accessories. Here are some of my suggestions for adding a finishing touch:

Fresh Flowers

Fresh flowers enhance any room. Place statement flowers like orchids in glass or blooms in pretty vases.

Candles

I love candles. Display lots of them for decoration and to create an ambient light when you are bathing.

Artwork

Add some artwork to soften the wall and have a bit of fun.

Books

Accessorise with items you may find in your lounge, it will soften your bathroom.

Mirrors

A decorative statement mirror can give your bathroom a designer touch. Lean up against a wall for interior cool.

Towels

Treat yourself to some beautiful luxury towels. Monogrammed ones are particularly popular at the moment.

CREATIVE TILING

Tiles can really stamp a look on a bathroom and there are some gorgeous designs available. Here are my current favourites:

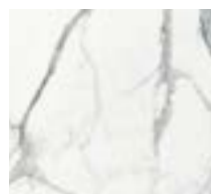

Make a statement with Moroccan monochrome

Contrast grouting emboldens brick bond

Be eclectic with herringbone parquet

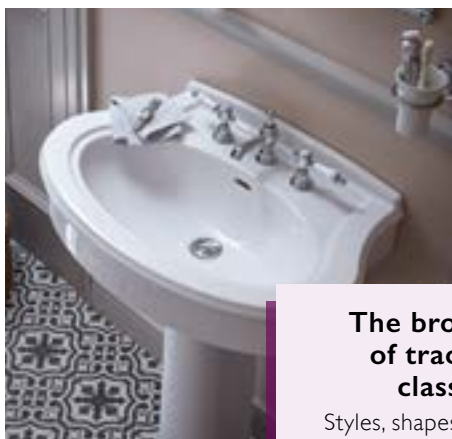

Marble is a key trend this year

Anchor colour themes with neutral grey

Distinctively individual

Love what you love. We believe style and taste are unique, so design your bathroom as boldly and bravely as you dare. We have one of the largest ranges of traditionally-styled bathroom products in the industry, more freestanding baths that anyone else and trend-led statement pieces that, together, let you create a space that's as distinctively individual as you are.

The broadest choice of traditional and classic design

Styles, shapes and sizes, for every kind of bathroom. Down to the smallest design detail, you'll find exactly what you're looking for.

An unrivalled selection of freestanding baths

Make an impact with the ultimate statement of luxury. With cast iron or acrylic options, you'll find one that's perfect for you

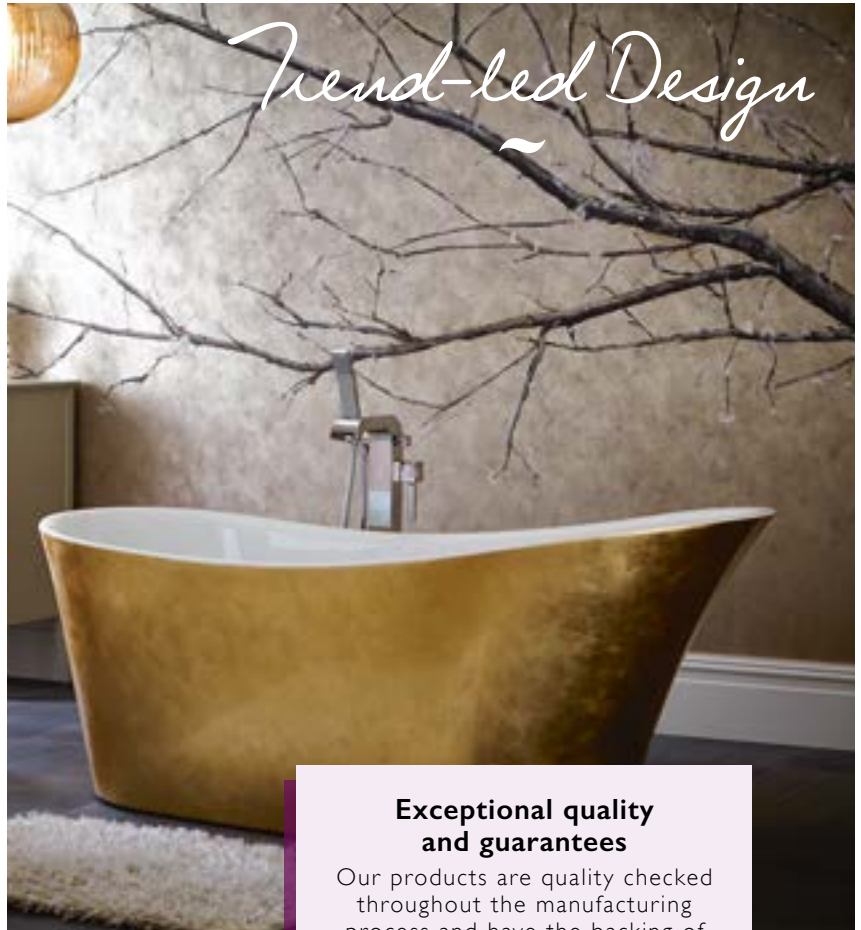

Be bold

Design flair

Our in-house design team creates stylish, exclusive ranges inspired by interior trends, like our rose gold washstands and brassware on page 62 and 162.

Exceptional quality and guarantees

Our products are quality checked throughout the manufacturing process and have the backing of solid guarantees. All suites and baths also come with an industry leading **Lifetime Guarantee**.

Your creative vision, brought to life

*Create an ambience of relaxed
femininity and subtle chic*

CLAVERTON™ STYLED AS ...

Vintage Powder Room

Our exciting new Claverton suite takes its inspiration from the Georgian splendour of Bath in the 1820s. Recreate elegant mosaic flooring with stencils or tiles in soft neutrals teamed with blush pink walls for that end-of-era Regency romance with soft curves and subtle detailing.

Claverton suite - Page 66. Glastonbury taps - Page 150.
Hollywell bath - Page 108. Mirrors - Pages 188-191.

WYNWOOD™ STYLED AS ...

Ant house Revival

Our Wynwood suite takes its inspiration from the sleek looks of exuberant deco Miami. We've teamed it with our Dorset cast iron bath, but we also have a fitted version in the full range. Add in some on-trend bottle green metro tiles...and relax.

Wynwood suite - Page 94. Dorset cast iron bath - Page 103.

Wall tiles - Armatile.
Floor tiles from a selection at Topps.

Elegantly unexpected, our metallic effect Holywell freestanding bath makes a high-shine statement

Style notes:
Wallpaper by Cole & Son, Wall Lights from Industville.

BLENHEIM™ STYLED AS ...

Modern Colonial

Refresh and reimagine with Blenheim. Take rich teal and bold brass, then add luxe details with our Balham ornate mirror and timeless Blenheim console basin. Effortless, natural and elegant.

Blenheim suite - Page 62-63. Hemsby taps - Page 160.
Holywell bath - Page 108. Balham mirror - Page 188.

VICTORIA® STYLED AS ...

Baroque Florals

Passionate about period drama? Sensuous Victoria exudes romantic opulence. From luxurious double console basins with ornate pedestal legs to high level WCs. Our magnificent Hylton freestanding bath, shown here in copper, creates the perfect centrepiece to your boutique retreat home.

Style notes:
Paint - Farrow & Ball.

GRANLEY® STYLED AS ...

Iconic Edwardian

Enduring opulence from a bygone era, our iconic Granley suite is steeped in provenance and features bold, angular lines.

Style with period colours such as midnight blue and Toile de Jouy wallpaper.

To complete the look invest in our Limited Edition Glastonbury taps which feature gorgeous midnight blue handles - see pages 48-49.

Granley suite - Page 76. Buckingham cast iron bath - Page 102. Glastonbury taps - Page 150.

GRANLEY DECO STYLED AS ...

Modern Monochrome

Art Deco is a huge interior trend in bathrooms. It's all here in black and white; team a Jack and Jill basin with statement wallpaper to create a wow factor that really works with Granley Deco's angular styling.

transform this look*

BELMONTE® STYLED AS ...

Rustic Charm

Natural accents like wood and metal add a calming vibe to bold modern retro. The perfect foundation for this look is an on-trend statement floor to add that extra pizzazz.

Mix with furniture and a freestanding bath for boutique versatility with a twist.

Belmonte suite - Page 58-59.

Caversham fitted furniture - Page 130-133.

Dawlish taps - Page 148. Edgeware mirror - Page 190.

STATEMENT BATHS ...ORFORD

To the manor born

Smooth, sleek lines give our elegant double ended Orford bath a majestic finish. Beautifully streamlined with a solid curve just yearning for floor mounted taps and a neutral décor to show off its lustre and polish. A contemporary upgrade on the classic country house roll top tub for a look that's straight to the manor born.

Orford - Page 111. **Dawlish bath shower mixer**
(shown on standpipes) - Page 148. **Clifton heated towel rail** - Page 194.

Mix and match simple textures with on-trend panelling to create this sumptuous look

Style notes: Wallpaper - Timorous Beasties.
Paint - Farrow & Ball. Floors - Wood 'n' Beyond.

STATEMENT BATHS ... PORTO SANTO

Petit Bateau

For a bathroom that's all about sophisticated relaxation select a deep and elegant bath for two. A timeless bateau, the Porto Santo is a curvy and capacious cast iron bath with a double ended roll top for comfort at both ends. We've also featured the Blenheim WC and basin with a Hidcote vanity unit and matching Walnut WC seat.

(shown with standpipes) - Page 158.

STATEMENT BATHS ... LYDDINGTON

Victorian Soirée

Slip in and soak the day away in a sophisticated statement Lyddington metallic effect acrylic bath that's the epitome of luxury. Smooth curved ends with a little French flick and flair perfectly complement elegant claw feet for that uplift. Indulge in beautiful baroque or vintage details to create an enviable 'hotel at home' ensemble.

STATEMENT BATHS... HOLYWELL

Luxe shimmer

Indulge your fantasy for a bathing boudoir with a shimmering Holywell metallic effect acrylic bath to soak up the ambience centre stage. Deliciously deep for blissful relaxation with smooth, soft curves for comfort. Add texture, with tactile rugs, plush velvet and ornate mirrors to enhance its sensuality. We've opted for an on-trend metallic and blush backdrop to our shimmering masterpiece.

STATEMENT BATHS ... HADLEIGH

The art of the ocean

 Style notes: Floor tiles - from a selection at Topps.
Mural - hand painted by artist Susan Ross.

Our sturdy rectangular Hadleigh bath offers the perfect place to escape and dream. The tactile rim detail and rounded sides give it a smooth soft edge to kick back and relax with a book or a glass of wine. Brilliant with blue, even better with a fabulous mural like ours, simply slide in, lay back and enjoy its oceanic allure.

Hadleigh bath - Page 110.
Somersby freestanding bath
shower mixer - Page 168.

STATEMENT BATHS ...MADEIRA

Simple Opulence

Our stunning Madeira bath is a cast iron showstopper that will look superb in period or modern homes alike.

Madeira comes ready for you to paint in your choice of colour to suit your distinctive look.

Let Madeira sit centre stage with all its exquisite simplicity.

Madeira cast iron double ended bath - Page 104.

Paint (on bath) - Farrow & Ball.

CLAVERTON™

DORCHESTER®

Small space, big statement

Give your smallest room the biggest impact with custom touches that are all about you. Set the scene for townhouse splendour with opulent wallpaper and an elegant washstand in chrome or rose gold. Most of our ranges are available with cloakroom options to make even the smallest space look amazing.

Claverton - Page 66. **Dorchester** - Pages 70-73.
Granley - Pages 76-78. **Victoria** - Pages 90-91.

GRANLEY®**VICTORIA®**

‘Whether your taste is period living or boutique retreat, we’ve the right cloakroom pieces to get your creative juices flowing’

GRADUATE TO GREY

Our stunning range of furniture is super stylish and designed to suit every type of bathroom. With a selection of finishes to choose from, the choices are endless and don't forget you can mix and match. Here we have teamed the neutral shades of Dove Grey and Graphite with classic mosaic and textures - it really is the perfect stage for your style.

Caversham graphite wall hung vanity unit page 126, Somersby taps page 168, Oakham towel rail page 194.

THE LOOK Approach your bathroom with a customised blend of on-trend neutrals. Dove Grey is new this season to tone with Oyster and our classic Graphite, our range allows you to work the latest style notes into your bathroom.

THE BUILD You only need look at our doors to see the quality. Manufactured in Britain in 5 individual pieces using classic beading, French cut joinery and traditional techniques.

THE TECH All our furniture is built to a high-end specification and combines matching interiors with soft close doors and drawers.

WHY? Fitted furniture gives you lots more storage options to maximize your space especially in en-suites, or where you really need to de-clutter.

Find out more about our Furniture online at www.heritagebathrooms.com

STANDING TALL

Caversham's wide range of fitted furniture is resiliently beautiful and our beautiful White Ash option is sure to look good in any space. For the perfect finishing touch with elegance, add a gable end.

Caversham fitted furniture pages 130-134, Dorchester suite pages 70-73, Hartlebury taps page 158.

THE LOOK Beautifully crafted furniture in a selection of colours and finishes. Make our furniture truly your own with our range of worktops, handles and knobs.

THE BUILD Solid oak doors made in Britain using timber from sustainably managed forests give our pieces craftsman quality as they use traditional glue and dowel construction for rigidity.

THE TECH The glass in our mirrors and doors is EN certified and furniture edges are rounded for safety.

WHY? All of our furniture arrives ready assembled so your new look takes shape effortlessly. We offer coordinating bath panels and WC seats in your preferred finish to complete your bathroom look.

Find out more about our Furniture online at www.heritagebathrooms.com

TAPS & SHOWERS

The final brushstroke for your bespoke bathroom; pick out glistening chrome, vintage gold or our Limited Edition rose gold to achieve your perfect look for your new taps and showers.

From sleek classic styles, to traditional period designs, there's a huge selection of beautiful detailing and easy to turn controls to meet your needs.

Top left: Dawlish basin taps - Page 148 **Right:** Gracechurch shower - Page 155.
Bottom left: Gracechurch Mother of Pearl taps - Page 156.

THE LOOK We've chosen an extensive range of designs, perfect for refreshing, cleansing and creating fantastic bathroom focal points.

THE TREND Our beautiful taps have been cleverly designed to operate on low pressure making them suitable for all types of plumbing systems. Our stylish showers include thermostatic temperature control for safety and comfort. They're pre-set to the perfect temperature and have clever engineering to function on low pressure, making them compatible with all plumbing systems.

THE BEAUTY We're proud to say they're also chrome plated to British Standard BS EN 248 giving them an outstanding life and quality. And our showers are tested in our ISO 17025 accredited test lab to ensure optimum safety.

WHY? Our tap ranges include everything from pillar taps and traditional deck mounted taps, through to statement freestanding bath shower mixers so we know we've got the brassware to suit your style. Enjoy versatile styling with our complete shower options or pick and mix products. All with a 5 year guarantee.

SUITES

Create a bathroom that flows beautifully with our gorgeous collection of suites. Packaged together with all the essentials that you need to start a bathroom - a basin, WC and a coordinating fitted bath - Heritage suites give you a great starting point to be as creative as you like.

Top left: Dorchester suite - Page 70-73 **Top right:** Victoria suite - Page 90-91
Bottom left: Granley Deco basin - Page 82 **Bottom right:** Claverton basin - Page 66

THE LOOK We've created a stunning range of suites in a choice of beautiful styles from period pieces like Granley and Dorchester; through to timeless classics like Blenheim and Claverton. Start with a standard basin and pedestal, WC pan and cistern and fitted bath, and swap in freestanding statement baths, vanity units and more to create a bathroom that is as individual as you are.

*Be bold, be brave,
be distinctively individual*

BUYING GUIDE

Essential suite

All our suites provide you with a choice of basin and WC, along with matching fitted bath. Of course, you can also choose to upgrade from a basic suite; swapping a pedestal for a vanity unit or wash stand, or a fitted bath for a freestanding acrylic or cast iron to create a bathroom that's distinctively individual to you.

CHOOSE YOUR BASIN

We offer nine different basin styles, all available with matching WCs and fitted baths. If you prefer period styling, then take a look at Granley, Dorchester or Victoria. For a classic look, opt for Blenheim, Wynwood or Claverton. With so many different types of basins to choose from, you can match your style, budget and space perfectly.

1. Standard

Our most popular basin type that can be teamed with a pedestal, freestanding vanity unit or a wash stand depending on the look you want.

2. Semi-recessed

This basin is shaped to sit on our fitted furniture when you want a neat finish with a storage solution.

3. Corner

Perfect for an en-suite or cloakroom. These come in a choice of wall hung, as Dorchester or with a pedestal like Rhyland.

4. Baby & Cloakroom

Designed for the smallest spaces, this basin comes wall hung or with a pedestal. You can also team semi-recessed options with a fitted vanity unit for ease.

5. Console

Hugely popular for a boutique feel, these basins need to be paired with supportive legs. All our Victoria basins can be matched with console legs.

Tap choices

Our basins are available with 1, 2 or 3 pre-punched tap holes. The number of tap holes will obviously determine your choice of taps. Consider whether you want a single basin mixer, pillar taps or a stylish three tap hole mixer. See pages 146-175 for our taps range.

Down the plug hole

Most of our taps include a waste but if not, we do sell them separately (see p174-175). If your basin is exposed underneath the bowl (e.g. a console or wall hung basin), you may also need a bottle trap.

CHOOSE YOUR WC

A WC has two parts; the cistern at the top part holds water for flushing and is secured to the wall. The lower part that sits on the floor is the pan. You'll need both to create a complete WC set.

Choose from five options:

3. High level

These cisterns sit quite high up on your wall for a traditional look, with a long chain pull rather than a cistern lever. You'll need a flush pack (which includes the connecting pipes) to complete your WC.

1. Close coupled

The best known style of WC, where the cistern sits directly on the back of a pan. Available in landscape, portrait and corner versions and lever or push button operation. You can also choose standard or comfort height (where the pan sits a little higher than average - great for stiff knees!).

4. Back to wall

This conceals the cistern behind either a stud wall or within furniture and you operate the flush either by a button on the wall or within the furniture unit. If you are considering a back to wall pan, then you will need to purchase it with a concealed cistern.

2. Low level

These cisterns sit apart from and above the pan, adding height but still making use of a cistern lever to operate the flush. You'll need a flush pack (which includes the connecting pipes) to complete your WC.

5. Wall hung

A great solution for small spaces as they sit off the floor for easy cleaning and lead the eye upwards. Wall hung pans will need to be purchased with a wall hung frame and concealed cistern.

DON'T FORGET!

Levers and seats

Complete your WC with a cistern lever from our selection. Our range of WC seats are available in a choice of colours and can be matched to our range of furniture and work tops. Available with chrome or gold hinges, and in either standard or soft close.

CHOOSE YOUR BATH

We've teamed all our suites with a specific fitted bath for ease, but you can mix and match across suites if there's another style, shape or size you like more (see p102-119 for the full range).

Our fitted baths are all made from high quality acrylic and feature Solid Skin technology which makes the acrylic more rigid and durable and keeps water warmer for longer. If you're adding a shower over bath, you may also need our Sherborne bath screen see p118).

Upgrade to a freestanding bath

Freestanding baths are great for larger bathrooms and will add a style statement. At Heritage, we have more freestanding baths than anyone else in a choice of cast iron or acrylic.

Did you know?

All of our fitted acrylic baths are tested with a lustre meter before they reach you to ensure they have our unique gleaming finish.

BELMONTE®

Offering exceptional value for money and the versatility of basin and WC options, Belmonte is a great choice for bathrooms of all shapes and sizes.

CLAVERTON™

Our new Claverton suite is an inspired choice for relaxed femininity that creates an elegant bathroom. Embrace its romantic softness with our fabulous selection of basin, WC and fitted bath options.

Top left: Bath rack - Page 184, Gracechurch bath taps - Page 154 **Top right:** Claverton basin - Page 66
Bottom left: Claverton WC - Page 66 **Bottom right:** Gracechurch shower - Page 155

BUY THE CLAVERTON SUITE

from **€2,262***

THE LOOK Based on the gorgeous curves and linear detailing of the manor house built near Bath in 1820, Claverton blends the dreamy softness of this rural retreat with the architectural bravado of the city's end of Regency period. Add blush tones and Ash White painted furniture for a look that's simply on-trend.

Find out more about Claverton online at www.heritagebathrooms.com

*Price includes standard basin and pedestal, pan and cistern and fitted bath.

*Add texture with tiles to enhance
this feminine colour palette*

GOOD TO KNOW...

The new and improved hinges on our soft close WC seats make looking after your beautiful new bathroom even easier.

You can now remove the seat from your WC using the quick release push buttons.

RHYLAND®

A versatile and great value suite perfectly proportioned for any bathroom, en-suite or cloakroom. The options are plentiful with a choice of traditional pedestal basins or a recessed version that sits perfectly with our Caversham furniture. Also available in a choice of portrait and landscape cisterns.

BATHS

Discover the perfect tub to complement your individual style from traditional roll top cast iron to metallic effect acrylic showpieces. Every Heritage freestanding bath transforms your daily ritual into a lifetime of pure bathing pleasure.

Top left: Buckingham bath - Page 102 **Right:** Hadleigh bath - Page 110
Bottom left: Orford bath - Page 111

THE LOOK Pick your personal statement from one of the largest collections of freestanding baths available. Try paintable cast iron to customise or new show-stopping metallic effect acrylic baths in gold, steel or copper finishes for luxury.

THE BUILD Manufactured to the highest standards, each of our freestanding baths are built to superior specifications.

THE TECH All our acrylic baths have built-in insulation so you can soak for longer. All our cast iron baths are made from AA grade enamel which is sanded, primed and ready to paint. Our stunning baths look beautiful and perform to the highest standards.

WHY? Heritage is the UK market leader for cast iron baths, every Heritage bath comes with a lifetime guarantee.

Find out more about our Baths online at [heritagebathrooms.com](https://www.heritagebathrooms.com)

CAST IRON BATHS

Our elegant cast iron baths with grade AA white ripple enamel and traditional ball and claw feet, can be painted any colour. Because you'll love our baths forever, each one comes with a lifetime guarantee.

LIFETIME
GUARANTEE

PAINT YOUR BATH

All of our freestanding cast iron baths will come to you hand finished, sanded down and pre-primed with an undercoat already applied. The undercoat is dark grey but it's up to you to choose to paint it in a colour that you like.

This is where you can really express your personality.

Paint it a subtle colour to match the serene mood of your bathing space or go wild with a pop of colour or add pattern with a stencil.

TAKE NOTE...

We strongly advise using an acrylic, polyurethane or epoxy-based paint for longevity, but any kind of paint can be used. There are some great paints and amazing colours out there; try creating a mood board from interiors mags and visit your local paint shop for inspiration.

Heritage acrylic panels are manufactured from high impact white polymer and reinforced with a thick layer of resin for a sturdy, structural finish. The front and end panels interlock to provide a neat join. The 800mm end panel should be trimmed to size for 700mm and 750mm baths. Fixed height 515mm.

FURNITURE

Our exclusive bathroom furniture is resiliently beautiful, and is available in space saving fitted or statement freestanding options. All of our furniture is ready assembled and arrives in position. Get a bespoke feel with worktop and handle options to make it personal.

Top left: Caversham fitted furniture - Page 130-133 **Top right:** Caversham freestanding storage unit - Page 125
Bottom right: Caversham gable end - Page 134

THE LOOK Approach your bathroom like any other interior by creating a customised layout. Mix on-trend coloured finishes for a distinctive look with freestanding accent pieces or go fitted for maximum storage.

THE BUILD All our freestanding furniture is designed in Britain and manufactured using timber from sustainably managed forests. Our craftsmen use traditional glue and dowel construction for rigidity.

THE TECH High spec extras create a boutique hotel feel. Soft close doors and adjustable legs for perfect lines on uneven floors. The glass in our mirrors and doors is EN certified and furniture edges are rounded for safety.

WHY? Heritage can help you create an effortlessly pulled together look with coordinating bath panels and WC seats in your preferred finish.

Find out more about our Furniture online at [heritagebathrooms.com](https://www.heritagebathrooms.com)

BUYING GUIDE

Freestanding furniture

Looking for stylish, flexible storage for your stylish bathroom? Unlike fitted furniture, which is usually installed in a 'run' like in a kitchen, our freestanding statement pieces have been designed to work independently and create that boutique hotel look.

CHOOSING YOUR STORAGE

1. Freestanding Vanity Unit

Pick this popular freestanding piece in two designs (Caversham – see page 124 and Hidcote page 127) and six colour finishes, with a wide choice of handles to make it your own.

2. New! Wall Hung Vanity Unit

Choose one or two drawers with soft close hinges and personalise with handles. Sits off the floor, for easy cleaning and to create the illusion of more floor space in small bathrooms.

3. Wall Cabinet

For a great effect fit a double or single mirrored wall cabinet above a vanity unit with an adjustable shelf and choice of handles.

4. Tall Boy

Totally freestanding for maximum flexibility with adjustable shelves and choice of handles, our tall boys don't need any wall fixings so can be moved anywhere. Ideal for storing linens, toiletries or cleaning essentials.

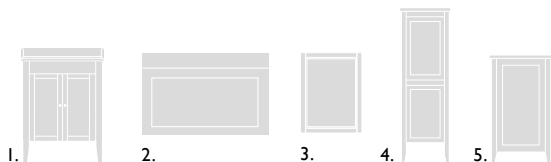

5. Storage Unit

A mini version of the tall boy, this compact freestanding storage unit with choice of handles is ideal for bathroom essentials. It doesn't need any wall fixings, so you can place it anywhere.

Don't forget!

The finishing touches make all the difference. A range of matching WC seats and bath panels are available to coordinate beautifully with your chosen furniture. See page 137 for more information.

CHOOSING YOUR COLOUR

Caversham

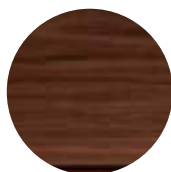

Available in Oak, Oyster, White Ash, Graphite, and Dove Grey.

Hidcote

Available in Oak and Walnut.

CHOOSE YOUR KNOBS OR HANDLES

Freestanding furniture is the perfect way to create that on-trend pieced together look. Personalise your pieces further with a wide range of handles to mix and match. Try our distinctively individual collection for a truly bespoke look.

For our full range of handles visit page 135

Good to know

All our freestanding furniture – including the legs and doors – is made with sustainably sourced solid oak along with melamine side and back panels for style and durability. All units arrive pre-assembled for quick and easy installation and come with a five year guarantee.

MAKE A STYLE STATEMENT...

Our charming Hidcote Vanity Units are available in classic Oak and rich Walnut.

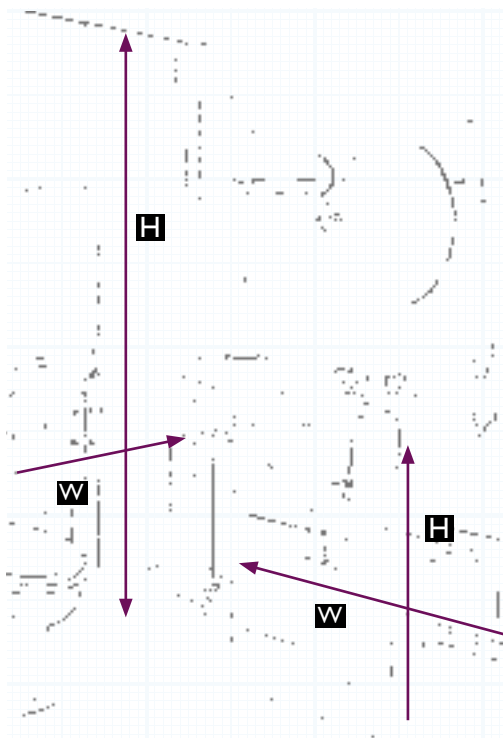

Fitted furniture

Fitted bathroom furniture is becoming an increasingly popular solution to the challenge of bathroom storage. Just like a kitchen, fitted bathroom furniture is fixed to the wall, with a mix of base and wall units making your space unique.

At Heritage, we offer a choice of fitted furniture with mirrors, wall cabinets and base units available in a range of sizes. Our furniture comes in 4 on trend, painted finishes plus traditional oak. Personalise further with worktops and handle options, along with co-ordinating bath panels and W/C seats to complete the look.

1 MEASURE YOUR SPACE

We offer a variety of fitted furniture options, with a choice of base and wall unit widths to fit all sorts of different bathroom spaces. Start by measuring your space, you can then move on to selecting the products that will fit the area.

Fitted Furniture Feature

Bathrooms can be steamy places and natural wood can sometimes expand and move in moist conditions. Our fitted furniture has been designed to overcome this with a wrapped finish that is water resistant and easy to clean. Five piece 'French cut' doors provide an artisan look, while traditional glue and dowel construction provides rigidity. Soft close doors and drawers are standard across the range.

2 CHOOSE YOUR STORAGE

All of our beautiful furniture includes soft closing doors and drawers and arrives pre-assembled for ease. Our furniture has been designed to work together in all sorts of combinations to suit your bathroom space. You'll find the product dimensions under each product over the coming pages to help you choose what works for you.

1. WALL CABINETS

Available in a choice of widths, with mirrored door options on some models. Also includes an adjustable shelf.

2. BASE UNITS

Available in a choice of widths to match the width of the wall cabinet for a balanced look in the bathroom. Also includes an adjustable shelf.

3. DRAWER UNIT

Available in 320mm width with three handy storage drawers.

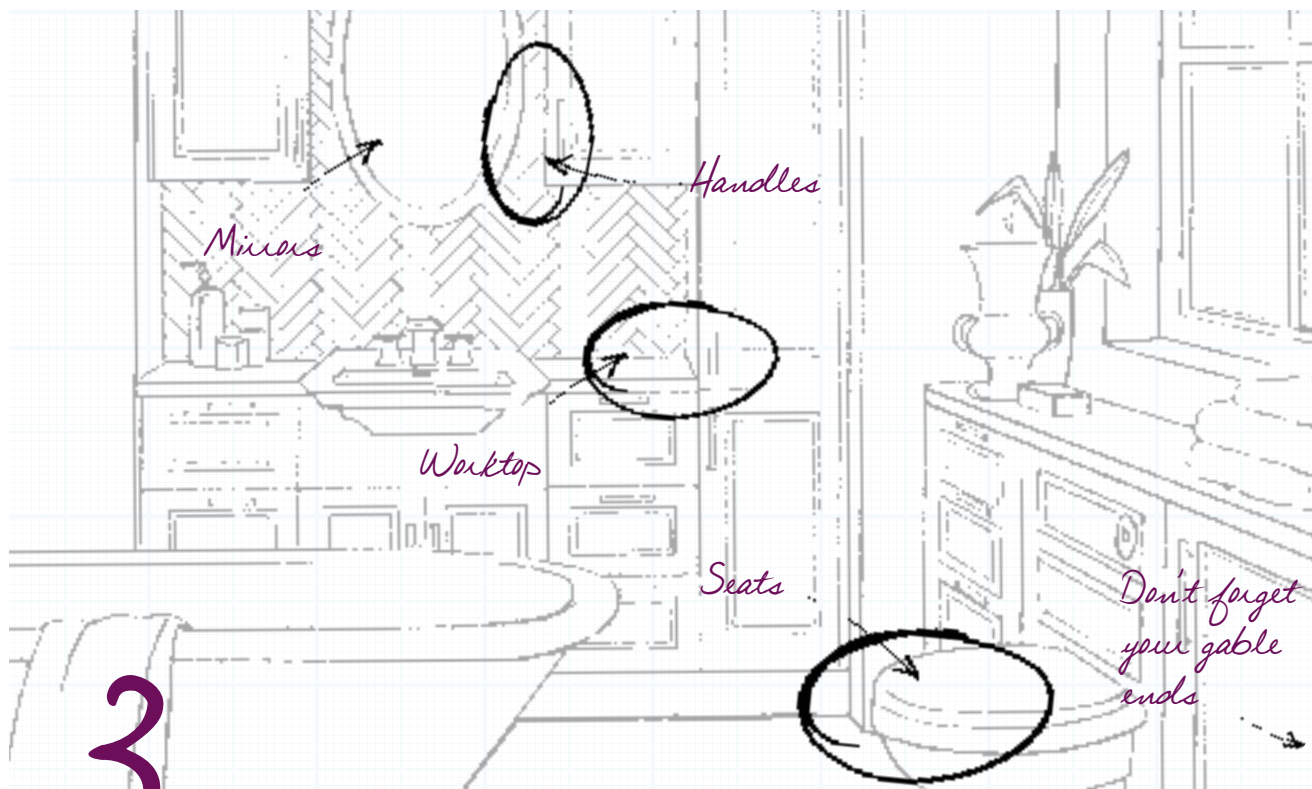

4. WC UNITS

A neat way to house your WC. You'll also need to purchase a back to wall WC from one of our suite collections.

5. VANITY UNITS

In two sizes to suit cloakroom and standard bathrooms. Team with a semi recessed basin from our Belmonte, Claverton, Dorchester and Rhyland ranges.

3

CHOOSE YOUR 'EXTRAS'

WORKTOPS

Create a pulled together look across all base units. Work out the size you need depending on how many base units you're placing in your space. See page 136.

HANDLES

Personalise your doors and drawers with our choice of handles. Try mixing and matching for a distinctively individual look. See page 135.

PLINTHS

Add to the bottom of floorstanding or fitted furniture to conceal any pipework and complete the look. See page 134.

FILLER PANELS

Ideal for any gaps between your fitted furniture. Easy to cut to size between wall or base units. See page 134.

GABLE ENDS

Handy decorative panels that provide a sleek and neat finish to the end of your furniture. See page 134.

BATH PANELS AND WC SEATS

Choose important extra touches in a choice of coordinating colours to match either your worktop or fitted furniture colour choice and finish. See page 137.

Left or Right

All of our furniture units will arrive with you part assembled. The door will be supplied loose, enabling you to choose whether to fit it left or right handed.

CHOOSING YOUR COLOUR

Caversham

Available in Oak, Oyster, White Ash, Graphite and Dove Grey.

WASHSTANDS

Designed by our bathroom experts here in the UK, Blenheim, Dorchester, Victoria, Wynwood and the new Claverton, now offer a washstand option to lend a boutique hotel look to your suite. All have a high shine chrome finish, with Blenheim also available in rose gold to help you create one of this year's hottest bathroom trends.

Rose gold washstand - Page 140, Hemsby rose gold taps - Page 162

THE LOOK Our designers reflect the move away from pedestals towards the trend for dressing rooms with a vintage feel. Add optional glass shelves or towel rails to your matching or standalone washstand for a stylish bespoke twist.

THE BUILD All washstands are made to rigorous standards from high quality polished brass giving a smooth finish with no bubbles or ragged edges.

THE TECH For shelves quality and safety is paramount so it's EN 12150 certified glass every time. Likewise the brass is chrome plated to BSEN249 for consistent high quality British Standards.

WHY? Whichever suite or whichever washstand you choose, your Heritage bathroom is designed to last with our reassuring 5 year guarantee.

TAPS AND SHOWERS

Imagine your stylish bathroom, created from one of our fabulous nine suites then finished with our beautiful brassware. We've brought together a collection of the most sumptuous taps and showers, including a set of Limited Edition show stoppers.

All of our showers are pre-set to a safe temperature and designed to work with all UK water systems and our taps operate on low pressure. All of our brassware selections work perfectly together or can be combined to create your style, your way.

Top left: Hartlebury taps - Page 158 **Top right:** Gracechurch shower - Page 155
Bottom left: Glastonbury Midnight Blue taps - Page 152 **Bottom right:** Glastonbury taps - Page 150

THE LOOK We've chosen an extensive collection to suit all tastes and styles, from traditional to cool classic to fit perfectly with your distinctive style. This season we've also included the most beautiful, on-trend taps and showers, so look out for the Limited Edition collection featuring chic rose gold and pretty mother of pearl detailing, simply beautiful.

Find out more about Taps and Showers online at www.heritagebathrooms.com

BUYING GUIDE

Showers

Your brassware can make or break your chosen distinctive look so make sure you follow our handy buying guide before you purchase.

THE KEY TO MAKING YOUR DECISION...

Your hot water system and the water pressure within your home will have a direct influence on the type of shower you can have installed into your bathroom. So, before you select a shower, it's worth having a conversation with your local showroom, or your plumber. All our showers are suitable for all UK household water systems. For your safety they all come with a factory pre-set maximum temperature of 42-43 degrees.

EXPOSED OR RECESSED?

Our shower controls fall into two types, exposed which sit on top of your wall and recessed which are within the wall cavity.

RECESSED VALVES

Our recessed shower valves have the smallest cavity depth of any recessed valve in the UK, just 35mm, allowing them to fit in any wall space. Also all valves include a wall outlet for the shower kit.

The inlet connection for our recessed showers is 15mm compression elbows with 150mm centres. The outlet connection is 15mm compression.

EXPOSED SHOWERS

Our exposed showers have flexible inlet elbows so that they can be adjusted to fit existing pipework if required. The outlet and inlet connections are 15mm compression.

SINGLE OR DUAL CONTROL?

A single control shower will operate the flow and the temperature from one dial or lever. A dual control shower will have separate controls for each.

CHOOSING YOUR SHOWER HEAD

FLEXIBLE RISER WITH HANDSET

This type of shower head slots onto a bracket which attaches onto a vertical pole, allowing you to move the head up and down according to the height of the person using it. It can also be detached from the pole so you can use it to wash your hair or rinse down the bath.

1 OUTLET

FIXED SHOWER HEAD

A fixed shower head will be fixed to the wall. Unlike handsets the head cannot be detached.

1 OUTLET

THE BEST OF BOTH

Some of our other showers offer the option to fit both a fixed and a flexible riser kit which means that you can choose which shower head you prefer to divert the water to during your showering experience. Simply look out for this icon:

2 OUTLETS

FIXED RISER

With this option the riser and shower rose are fed from the exposed valve. Fixed risers with diverters to feed an additional handset are also available.

1 OUTLET

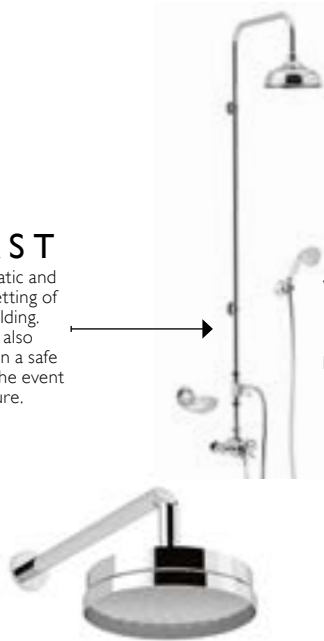

2 OUTLETS

SAFETY FIRST

All of our showers are thermostatic and have a maximum temperature setting of 42 - 43 degrees to prevent scalding. Our thermostatic technology also ensures your shower can maintain a safe showering temperature, even in the event of the cold water supply failure.

ONE OUTLET OR TWO?

Most showers will only enable you to feed one outlet, which means that you will need to choose whether you prefer a fixed head or a handset. However, some showers in the Heritage range also enable you to feed the water through to a second outlet which means that you can choose both a fixed head and a handset and alternate the flow of water to either one while in the shower; unless you have a twin stopcock which enables you to use outlets simultaneously

Heritage showers are designed in the UK by our expert engineers, so they can operate effectively even at low pressure, making them suitable for all water systems.

SIZE MATTERS

You might believe that purchasing a larger shower head will increase the amount of water you get through your shower. The truth is that it's all dependent on your water pressure. If you have low water pressure, then you'll be disappointed in how much comes through your shower head. It's worth checking with your plumber to see what will suit your home the best.

WATER EFFICIENCY

We all have a responsibility to save water and to help people understand more about how much water they are using. That's why we have joined the Bathroom Manufacturers Association's Water Label Scheme, all showers within the scheme carry a water label which you will see printed next to the shower in the pages of this brochure. If you see a high flow rate with a red background the shower uses more water but provides a more drenching experience. If you see a low flow rate with a green background, the shower has been optimised for water efficiency. We have also given all of our showers performance or eco icons to help you choose the right one for you. You can reduce water usage on most showers by installing a flow limiter. Speak to your plumber to find out more.

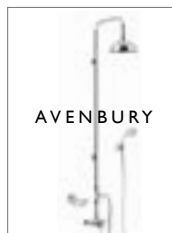

BE INSPIRED

We have a range of showers for you to choose from including both exposed and recessed options in most of our ranges. Or, if you prefer, you can find the valve only code underneath with the right page to select your shower accessories. Check our finish icons to see if the shower you've chosen is available in chrome or vintage gold.

HEATED TOWEL RAILS

Once you've experienced the wrap of a pre-warmed towel you'll never look back. Practical and beautiful, our towel rails exist in a range of sizes to suit your home like Baby Clifton, perfect for small bathrooms. Most designs include valves, all have a 5 year guarantee.

Top left: Portland - Page 195 **Top right:** Baby Clifton - Page 194
Bottom: Clifton - Page 194

THE LOOK Stylish and practical. Whether you're creating a traditional period home or just like the look of a period radiator, towel rails that warm your bathroom and towels are a must.

THE BUILD Our heated towel rails are built to a superb finish to bring luxury to your bathroom. You can be rest assured that our products are of the highest quality.

THE TECH All our heated towel rails are CE compliant and rigorously tested for safety and quality to British Standards.

WHY? Long lasting and elegant, our heated towel rails dry and warm towels quickly and efficiently while adding warmth and comfort to your luxury bathroom.

Find out more about our Heated Towel Rails online at www.heritagebathrooms.com

It's all about the detail. Add the finishing touch with our heated towel rails.

HEATED TOWEL RAILS

**Clifton**

Height 940mm

*All Heritage style heated towel rails include a pair of valves at no extra charge. They are also available to buy separately.
Can be used for wall and floor plumbing connections.*

DESIGN YOUR BATHROOM

the easy way

There are three responses to a piece of design. Yes, No or Wow. Heritage Bathrooms believe your new bathroom can be an amazing space. That's why we've introduced our new design tool to help you create your perfect look.

visit us at www.heritagebathrooms.com

DEFINE YOUR STYLE

Are you country or classic?

Create your dream bathroom. Whether you have a love for traditional bathroom suites or something a little more classic, we believe that your bathroom is a place to really express your personality. Our website is designed to provide the products and advice that matches your taste and style. Take our quick style quiz online for personalised inspiration and browse related products to complete your look.

3D BATHROOM PLANNER

Build your virtual bathroom

Use our 3D Room Planner to create your dream bathroom. Find out which baths, showers, furniture and accessories fit in and which ones don't. View the final beautiful result in enhanced HD renders.

Design in 3 simple steps

1. CREATE YOUR SPACE

Start by creating the general layout of your bathroom. Provide the necessary windows and doors with the easy drag and drop system.

2. GET STYLING

Fill your room with bathroom products and decor to suit your taste. Choose from hundreds of our bathroom products, including beautiful baths, basins, furniture and accessories.

3. CREATE YOUR BATHROOM Once everything is in place, generate a picture, create your wishlist and take it into your nearest showroom or email it to them.

EXPLAINING WATER EFFICIENCY

There are over 60 million people living in the UK, using on average 150 litres of water per day for washing, cooking and drinking. Improvements in lifestyle and new technologies within the domestic environment mean we use 55% more water than we did 25 years ago, with half of this being used within the bathroom environment.

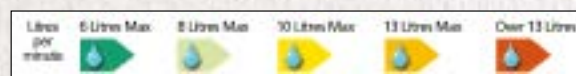

As climate change takes a greater hold on the environment we understand it is essential for us all to use water wisely. At Heritage we appreciate how important it is to save water and that's why we have designed selected products to optimise water usage in the bathroom.

You can now tell how much water a product uses in normal domestic conditions by looking for the Water Label. Throughout this brochure, you'll find the Water Label flow rate indicators for taps, showers, baths and WCs. A green indicator flag shows that a product uses the least amount of water whereas a red flag indicates that a product uses more water; however this gives you a greater flow from your taps and showers for a faster filling basin or bath and more invigorating shower.

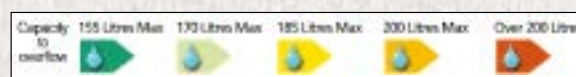

You can find a complete explanation of the European Water Label and how it works at www.europeanwaterlabel.eu

Taps & Showers Water Label guide

Baths Water Label guide

WCs Water Label guide

All flow rates are given at 3.0bar water pressure

BATHS

Acrylic baths

Reflectivity of materials may vary, in some light conditions the white may look a little different.

Heritage bath panels are designed to go with Heritage baths, a 1700mm panel for a 1700mm bath etc.

White plastic bath panels are a fixed height and when used in conjunction with one of our baths, allows the bath trap to be installed above the finished floor in most cases.

Cast iron baths

Cast iron baths are still made in the traditional way which includes a degree of surface ripple, dimples and minuscule black specks in the interior. This is all part of the character of a cast iron bath giving a feeling of heritage in your bathroom.

The exterior of our cast iron baths come smooth and ready primed for painting. This isn't the finished article though and may suffer minor wear and tear en route to you. It will be instantly restored when you paint in your chosen colour.

BASINS, WCs & BIDETS

Each piece of sanitaryware is individually made which means dimensions given are always 'approximate' within standard industry tolerances.

If precise measurements are required then you must measure the actual pieces when they are delivered and plan your bathroom around them.

Every effort is made to ensure our sanitaryware is straight and level, and our standards are significantly higher than those set out in the current British Standards. However, when used on furniture, for example, there will be situations where an inexact basin will meet a perfectly straight worktop and sealant will need to be applied to fill any inconsistencies, ensuring a stable fit and sealing the furniture from water ingress.

The lifetime guarantee on sanitaryware extends to the ceramic pieces only. The cistern fittings are guaranteed for 5 years.

The inlet on all our ceramic cisterns is on the bottom right hand side, unless stated otherwise.

Heritage logo

The word Heritage or the letters hb are used as a hallmark to denote a genuine Heritage product.

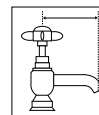

TAPS & SHOWER VALVES

Heritage taps are designed to be compatible with Heritage sanitaryware and baths. A 1 taphole basin mixer will be suitable for any 1 taphole basin, the few exceptions to this rule will be highlighted in the directory section.

The majority of Heritage taps and shower valves have been engineered to operate on low pressure making them compatible with all plumbing systems. The minimum operating pressure for each tap and shower valve is stated in the directory for you to confirm compatibility with your installer.

Measuring tap spout projections

Spout projection measurements refer to the dimension from the centre of the body to the centre of the spout.

METAL FINISHES

Chrome is an extremely durable plated finish which is applied to a variety of fittings in a consistent manner.

Vintage Gold and Rose Gold are high tech hard wearing finishes applied to high use fittings such as taps and showers or a plated finish we use on shower kits, hoses and accessories.

Close inspection may show some colour variation which is normally acceptable given the relative distance between individual fittings when installed.

All metal finishes must be correctly cleaned using non-corrosive or abrasive cleaning products. We recommend using a damp cloth only.

MIRRORS

The application of the colour finish on the mirrors may lead to some slight variation in consistency.

Never clean your mirror surface with anything abrasive. We recommend using just glass cleaner and a soft cloth on the glass and a dry cloth only on the frame.

DO NOT use any form of cleaning products on the mirror surround. Certain mirror surrounds are hand painted with a delicate silver or gold leaf finish so we would recommend using nothing more than a fine duster.

This brochure supersedes all previous issues of the Heritage Collection with effect from the issue date shown until replaced by a new edition. Heritage holds intellectual property rights, including but not limited to unregistered design right, copyright, registered designs and patents in the United Kingdom, and other similar rights elsewhere to all the goods that are proprietary to us and their drawings, designs and specifications. Along with our stockists we will establish, prosecute and defend those rights. All rights reserved. No part of this work may be reproduced, utilised or stored in any form or by any means without written permission from Heritage Bathrooms. E&OE. Prices correct at time of print.

At Heritage Bathrooms it is our policy to strive to continuously improve the quality of our goods, as a result our products will also be subject to changes in design, materials, components and finishes. All goods are subject to such variations in size, colour and finish and are within normally accepted manufacturing tolerances. Also, as products are subject to changes this may affect the qualification for various product approvals and so we will not be held responsible for any reliance placed on approval references within drawings, descriptive matter, price lists, catalogues, brochures, websites, and other promotional material unless it has been directly confirmed by us in writing at the time the products are ordered.

Trade Mark and Data Protection

Our trade mark HERITAGE is registered in the United Kingdom and throughout Europe. You will not use our trade mark, or any of the range or product names or images of our products without approval.

Heritage Bathrooms is a member of the Bathroom Manufacturer's Association www.bathroom-association.org. ®Registered trademark of Heritage Bathrooms. Part of Bristan Group Limited. A MASCO company. www.masco.com

European Water Label Scheme

Products within the Heritage range are accredited by the European Water Label Scheme therefore meeting industry standards for water efficiency. For a full list of accredited Heritage products and for more information please visit www.europeanwaterlabel.eu

FURNITURE

Our Caversham fitted furniture is made with a real wood veneer (a thin layer of real wood) bonded on to mdf or chipboard.

Our Caversham and Hidcote freestanding furniture is made using real wood and as such, every individual piece features a unique grain.

WC seats and hinges must be regularly maintained and correctly cleaned using non-corrosive or abrasive cleaning products.

Worktops are supplied in varying lengths. Please measure and select carefully. Please also take care when cutting worktops; worktops are not made from solid wood and by cutting them you will expose the edge. We do not supply edging strips.

Wall mounted furniture in the Caversham range is not freestanding and is designed to be wall-mounted.

FURNITURE FINISHES

Our furniture is available in a choice of finishes. Oak is a natural finish and Walnut is a stained wood finish while White Ash, Oyster, Graphite and Dove Grey are all hand painted. While we endeavour to ensure consistency, you may see some slight variation in the colour. You may also notice some variation in the grain of the wood.

Our coloured finish furniture has the following Pantone references: Graphite 433U, Oyster 1U.

Terms and conditions of sale

Heritage do not sell direct to the consumer and as such your terms and conditions of sale are with the retailer where you purchased our products.

Heritage Bathrooms reserve the right to amend retail prices at any time. We recommend you discuss pricing with your chosen specialist supplier.

All prices in this brochure are recommended retail prices and include VAT at 20%. In the event of a change to the VAT rate, prices will change accordingly.

Printing accuracy

Whilst every effort is made to ensure printing accuracy throughout this brochure and on our website, all images, drawings, descriptions, prices and promotional material are intended as a guide only and colour reproduction is difficult. We strive for constant improvement so products may be subject to slight variations in line with manufacturing tolerances. We recommend you view products in a showroom prior to purchase. As such we will not be held responsible for any reliance placed on approval of the above unless it has been directly confirmed by us in writing at the time the products are ordered.

Deliveries

We monitor our stock levels to ensure that all products are in stock. If for any reason the product ordered is not in stock then we will inform the retailer at the time of receipt so alternative arrangements can be made. 24 hour deliveries are made to the retailer and is dependent on the time of order.

A number of stores will receive consolidated orders, operate their own additional inspection procedures and/or receive goods into a central warehouse requiring onward distribution to multiple stores. These added value practices will inevitably impact on delivery lead times.

We strongly recommend that you thoroughly inspect your delivery before booking installation time and ensure all products are on site before beginning demolition of your old bathroom.

Measurements and design specifications

All measurements are in millimetres and are for guidance only, some variation may occur. Heritage Bathrooms pursues a policy of continuing improvement in design and performance of its products and so reserves the right to change specifications without prior notice.

HERITAGE BATHROOMS PRODUCT GUARANTEE

At Heritage Bathrooms, we want to make things as easy as possible for our customers. That's why we design products that are easy to fit and use, and that are quality tested to make sure they won't let you down.

It's also why we offer solid guarantees, effective from the date of purchase, so that in the unlikely event of something going wrong, you have the peace of mind that the problem will be sorted easily.

All of our products are covered by a guarantee. Most include both parts and labour (so we'll send an engineer to fix the problem as part of the warranty). Please note that guarantees are only valid with proof of purchase or on registration. You can also register taps and mixer showers to take advantage of an extended guarantee period.

OUR GUARANTEES ARE AS FOLLOWS:

Sanitaryware

Lifetime[†] and 1 year labour*

Baths

Lifetime[†] and 1 year labour*

Furniture and Worktops

5 years and 1 year labour*

Taps and Mixers

5 years parts and 1 year labour* (or register to extend to 2 years FREE labour cover)

Mixer Shower Valves

5 years parts and 1 year labour* (or register to extend to 5 years FREE labour cover)

Heated Towel Rails

5 years parts and 1 year labour*

Bath Panels, Bath & Shower Screens and Cistern Fittings

5 years parts and 1 year labour*

Washstand

5 years parts and 1 year labour*

Brass Accessories, Wastes & Extras, Standpipes, Shrouds and Cistern Levers

5 years parts only.

WC Seats, Mirrors and Stainless Steel Accessories

2 years parts only.

*Labour is provided by an approved engineer or appointed representative. The guarantee only applies to products with a manufacturing fault. There will be a call out charge for any incidents where no fault has been found with the product, or if the issue is due to poor installation or maintenance.

[†]Lifetime means 25 years.

To register your product, simply go online at www.heritagebathrooms.com/warranty.

Register now for additional peace of mind

Register your product with us now and, if you do have any queries after installation, we'll be able to identify your product and give you the best advice quickly. It also means that you won't have to keep your proof of purchase to validate your guarantee.
